New Note: 𝄢 F3

Remember that the *bass clef* is also called the *F clef*, because it indicates the F line between the two dots.

MUSICAL MIND GAMES

Start at the bottom left square and end up in the top right square, by following the path of the pentascales. THE LAST NOTE OF EACH PENTASCALE BECOMES THE FIRST NOTE OF THE NEXT PENTASCALE. The first pentascale is C (CDEFG), and the second is G, and so on. The squares must touch horizontally, vertically, or diagonally. If you need help, refer to the pentascales chart on the last page of the book.
